EXPLANATION OF REVISIONS

Corrections to the data previously published in the January 1964 issue of Report FT 110 and in the 1964 monthly issues of Report FT 125, in commodity by country of origin arrangement, are shown in the following section. These revisions differ in format from those shown in prior years in that the corrections are given as net amounts to be added to or subtracted from the published data, in place of the conventional "Reads" and "Should read" totals. Although revisions have not been prepared in any other arrangement, these corrections are applicable to other tables shown in these reports. The revisions, however, have been included in all Schedule A, Revised, cumulative figures shown in the December 1964 issue of Report FT 125.
